The crowning piece of the evening, however, to the children, of course, was the visit of Santa Claus, who marched up the alise decked in the regulation suit, ringing his bells and bowing to the right and left, with perfect impartiality. As soon as he arrived at the repository of the candies, etc., he at once proceeded to distribute them to the scholars and teachers, and every one received his share, nor were the absent ones forgotten by brothers and sisters who were present.

COW WITH HYDROPHOBIA.

Mr. John C. Robertson has lost another cow at his home near Forest Hill with hydrophobia. About a month ago a dog from near Granite was taken with the fearful disease and went down near Forest Hill and bit a valuable horse owned by Mr. Alfred Brown and one of Mr. Robertson's cows, both of which died a few days afterwards. The cow was very wild, after being bitten, and chased chickens, turkeys, or anything else she could see about the barn-yard. At last she ran down by the creek, had a convulsion and died. Mr. Robertson löst another cow with hydrophobia last Monday, which is supposed to have either been bitten by the same dog or by the other own.

bitten by the same dog or by the other cow.

Mr. Lee Davis, who had Iwenty-two of the finest chickens to be found, was releived of cleven of them Tuesday night. No one has an idea what time the henhouse was entered. Only yesterday morning at day-break, when eleven of the fouls came down from the roost, it was found that the other eleven had come down before the dawn of day and gone whither their owner knew hot.

WHAT IS THIS DISEASE CALLED

Like a thief at night, it steals in upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy: the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is feeling like a heavy load on the stomach; sometimes a faint, aligone sensation at the pit of the stomach which feed does not satisfy. Eyes are sunker, the hands and feet become cold and feel clammy. After awile a cough sets in at first dry, but after a few months it is attended with a greenish colored ex-

the hand an increase of nerve power.

The tired, weary feeling will give way to vigor and courage. The pale, this and emaciated will recover their color and plumpness, because red blood and fat are the result of properly digested.

result. Its good effect will be realized at once. You will not have to take a dozen bottle to find out if it is doing you any good. Try it, and then give praise to the Shakers of Mount Lebanon. New York, for the relief that you obtain.
